

**Little Abington Parish Council: Abington 10k Sunday 1 October.**

I am applying again for the closure of Pampisford Road on Sunday 1st October 2017, so that our Village 10K and Fun Run can take place safely.

I have to submit a Highways Event application together with your approvals. Please note this year that our race license application has asked us to separate the participants into;

- 1) The 10K group-maximum of 750 participants
- 2) The Fun Run group- maximum of 200 participants.

We will only close the road at 10.00 am when a marshal will be on duty, although the signs may be in place before then. We will be writing to all the affected residents again to explain the situation and let them know when they can safely drive down the closed road. Last year the road was open again at 12.00 noon as the last runner had cleared that part of the course.

If you have no objections to the closure can you email your approvals to me please so that I can submit the application?

Many thanks

Alan
