

## COMMITTEE for ABINGTON HOUSING

### **Report to Little Abington Parish Council**

Three sites at Pampisford Road, Linton Road and Church Lane were originally identified in 2012 and put forward to South Cambridgeshire District Council.

Initial concerns about too many houses being built too quickly have not been realised.

Moorefield, the first of the three sites to go ahead is now partially occupied and the affordable units have been offered.

Linton Road is expected to be the second development. Agreement was reached with West Lodge Kennels. It has been approved, the archaeological survey carried out and building work is likely to commence when Moorefield is finished.

Proposals for Bancroft Farm appear to have stalled over density.

Other housing development is now expected to proceed at Strawberry Farm, Pampisford Road and on land North of Linton Road. The Neighbourhood Plan for the former LSA is also likely to bring forward some housing development.
